My Documents

My Documents tutorial

How to Convert a Word Document to a PDF How to Add PDF Files to My Documents How to Add a Document to a Webpage

MY DOCUMENTS is your library of documents, containing each document you upload from your PC to publish on your website.

When you delete a document from one of your webpages, it will still remain in your MY DOCUMENTS library, until you delete it here.

Best Practice - All documents loaded on your website should be in PDF Format.

Rural Water Impact called 8:30am 1.20.26

OCR Format

(these documents can be attached to one or more of your pages)

- **File 1**: Download File *Document Title*: 1/01/26 Application for Water ☐ Show Upload Date
